WHO WE ARE

We are **PWC** (Pakistan Wristband Company) - the company that first introduced wristbands in Pakistan. Before us, this industry did not exist in the country. We built it from scratch.

Since 2015, we have been the only manufacturer of high-quality wristbands in Pakistan. Everything you see in the market today, every event wristband, every festival accessory, it all started with us. While others import and resell, we design, print, and manufacture right here in Lahore-Pakistan.

Our office is based in Lahore, but our work reaches across Pakistan and beyond. We are not just supplier, We are the original makers. We specialize in all kinds of wristbands - from Tyvek paper wristbands to advanced NFC/RFID chips, from hospital patient IDs to high-end festival wristbands that glow in the dark & Music activated.

WHO WE SERVE

We manufacture wristbands for:

- Amusement & Water Parks
- Events, Conferences & Trade Shows
- Fairs & Festivals
- Fundraising Campaigns
- Hotels & Campsites
- Healthcare (Hospitals & Clinics)
- Nightclubs & Bars
- Retail Companies & Supermarkets
- Banks & Financial Institutions
- Automotive Industry
- Schools & Universities
- Sporting Events

WHAT WE DO

We provide unique identification solutions for events to control visitors and manage crowds effectively. Our wristbands are designed to be non-transferable, waterproof, and tamper-evident, ensuring that once a wristband is on, it stays on until the event ends.

We were the first to introduce such advanced wristband technology in Pakistan, and we are proud to say they are Made in Pakistan, by Pakistanis, for Pakistanis, and now for the world.

OUR *Believe* Completely replace the old, insecure ticketing systems that have been used for decades. We want every event, every hospital, every business in Pakistan to switch to modern, secure identification solutions.

"Increase profit by decreasing counterfeit" this is our manifesto. When your tickets cannot be copied, when your wristbands cannot be transferred, when your access system is truly secure - your business grows, your profits increase, and your reputation becomes stronger.

WHY *Choose Us...*

Industries WE SERVE

We work with almost every industry you can think of:

Events & Festivals

This is our biggest strength. From small private parties to massive public festivals, we have done it all across Pakistan and internationally.

Private Parties

We specialize in creating memorable experiences for private events.

From intimate gatherings to high-profile private parties, we have successfully delivered wristband solutions across Pakistan and internationally.

For private events, we provide a complete range of wristband options, including guest wristbands for seamless entry management, exclusive VIP passes for your special guests, and customized party bands designed to match your event's unique theme and branding

Amusement Industry & Attractions

We understand the unique challenges of the amusement industry. From theme parks to water parks, we have successfully delivered wristband solutions across Pakistan and internationally.

For amusement venues, we provide waterproof RFID wristbands with IP67 rating that resist water, chlorine, and sweat—perfect for aquatic attractions. Our solutions include cashless payment integration for food kiosks and games, tamper-proof access control for daily admissions and season passes, and smart locker management systems. Custom branded bands with your logo reinforce park identity while real-time guest analytics help optimize operations.

From disposable daily bands to reusable RFID solutions for season pass holders, we deliver durable products that enhance both efficiency and guest experience.

Corporate Sector

Hundreds of companies trust us for employee ID bands, visitor passes, customized corporate gifts, and office supplies. For events,

We provide complete management solutions with our integrated software platform that handles registration, access control, and real-time attendee tracking—making corporate gatherings seamless and professional.

Education Sector

Schools, colleges, and universities across Pakistan trust us for their identification and event needs.

We provide student ID bands for easy campus access, attendance tracking, and library privileges. For sports days, annual functions, and orientation events, our customized wristbands serve as both entry passes and memorable keepsakes.

Our software platform simplifies registration, manages parent-teacher meetings, and tracks real-time attendance—making institutional events and daily operations seamlessly efficient.

Hospitals & Healthcare

From small clinics to large hospitals across Pakistan, medical teams rely on our wristbands every single day. We understand that in healthcare, accuracy saves lives.

That's why our patient ID bands are designed to stay clear and legible no matter what—through hand sanitizers, soap and water, or a patient's multi-day stay. The color-coded alert bands help staff instantly spot critical conditions like allergies, fall risks, or "NPO" instructions, reducing the chances of medical errors. Newborn bands keep mothers and babies safely connected. Blood type indicators and medication tracking bands give doctors and nurses the information they need at a glance. Simple, reliable, and made for the real world of healthcare.

Personalized SOLUTIONS

Event Management System

Our Event Management System combines hardware-protected security layers with intelligent software to deliver 100% data integrity, 60% faster registration, and real-time analytics for events of any scale.
